

Mia's Maze

A vibrant, cartoon-style maze game titled "Mia's Maze". At the top center, the title is written in a playful, pink and green font. In the top left corner, a ginger cat with a white chest and paws, named Mia, sits on a grassy hill, looking towards the maze. The maze itself is a complex, winding green path that starts from Mia and leads towards a treehouse on the right. The path is decorated with various elements: a blue mushroom, a yellow star, a pink heart, a green leaf, and a small blue butterfly. The background is filled with colorful, stylized trees in shades of blue, green, and yellow, along with bushes and flowers. A small red arrow points from the start of the maze towards the treehouse, indicating the direction of play. The treehouse is a two-story structure with a red roof, a chimney, and a ladder leading up to it. The entire scene is set against a bright blue sky with white clouds.
